# ***Defense Transportation Coordination Initiative ~~(DTCI)~~***

---

- **Evolution:** Tenders—Guaranteed Traffic (GT)—Tailored Transportation Contracts (TTC) and now DTCI...
  - **Why** DoD wants it: Efficiency and effectiveness...
  - **What it will do:** Coordinate, Optimize, and Consolidate Enterprise Operations; Improve ITV CONUS wide; DDC 1<sup>st</sup>, limited service installations 2<sup>nd</sup>, all DoD installations 3<sup>rd</sup>.
  - **Concerns:** Is it legal IAW CFR 49? Cost to the services? AIT? 3PL track record is not that good; Any Negative effects on current TTC carriers that support us during Deployment/Mobilization?
